

THE COLOR WALK

You need:

- 1 egg box (or similar)
- Paint or markers in different colors.

A fun and creative way to explore and (re)discover your neighborhood is to do the **COLOR** walk.

1. Take an egg box and paint or color each part in a different color.
2. When you go outside look at all the colors in your neighborhood. Try to fill each box with an item in that color. Collect pieces like leaves, stones and flowers and put them in the correct box.
3. Which colorbox was very easy to fill? Which item do you like most?
