

FRIENDS CARDS

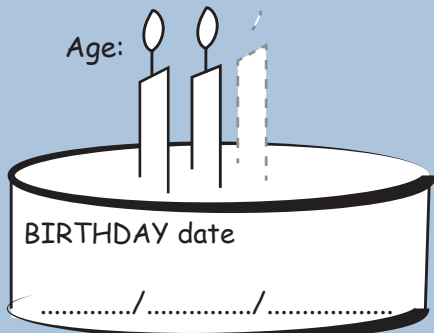

"Goodbyes are not forever and not the end. It means I will miss you until we meet again."

Do you have to say goodbye to friends this summer? Or did you already say goodbye to them? No to worry about this! You can create your *GOOD* Goodbyes and *STAY IN TOUCH*. Do this by logging all your friends on your **FRIENDS CARDS**!

Print these cards (as many as you need). Ask your friends for their contact information, like their address, phone number, or social media account. Write it here on these cards. Put the cards in a place where you can keep this information. This way you are always able to contact them, to share a happy moment together or to talk when you are feeling sad. Because that's what friends are for!
