GAMES FOR ON THE ROAD!

1. I SPY

A classic guessing game where one player (the spy) chooses an object within sight and announces to the other players that "I spy with my little eye, something with the color.....", naming the color of the object. Other players attempt to guess this object.

2. The Rainbow challenge

Try to find objects in your surroundings in the order of the rainbow. So start with an object in the color RED, once you found it, continue with the color ORANGE, then YELLOW and so on!

3. ABC's

You can make this game as hard as you want. You can ask everyone to take turns. The first player starts with a word with the letter "A", the next person calls a word with the letter "B" and so on. Up for a bigger challenge? Choose a category like countries, or cities, or animals.

4. I am going on a trip...

This game is to test your memory! Everyone takes turns. The first player starts with the sentence "I am going on a trip and I bring a SUITCASE with me " The next player says, "I am going on a trip and I bring a SUITCASE with me and [an item]." For example the item is flipflops. The third player repeats what the second player has said and adds an extra item. The next player repeats what the 3rd player has said and again adds an item to the suitcase. The game goes on until someone forgets one item.

5. A Counting game

Ask the people in the car to look out the window and count an item that is passing them. You can choose cars, traffic lights, billboards, green cars, trucks, etc. For example: who can find the most yellow taxi's?

6. Wordsnakes

You can choose a category to make it harder or just name random words. One player starts and begins with a word. The next player has to make up a word with the last letter of the previous word. For example, a player calls the word 'Move' the next player has to start with 'E.' The player may say "Electric car", then the next person has to find a word starting with a "R"

7. Sing it!

One player hums a song, and others have to guess. You can sing it together when you got the song right or see if you can play it in the car. Whoever gets it right gets the next turn to hum the song.

8. What's in the bag?

Ask one member to put something in a bag. Every player can start guessing what is in the bag. You can also put multiple items in the bag and let the players write the items on a list. The one with the most items right is the winner.

9. Tell a story together

Start a story and stop after a few sentences. The next player continues the story and then hands the story to the next player after a few sentences. It can become a fun silly story! Try it out!

10. Don't Say YES

A player is not allowed to say the word "Yes" all other players try to let the person say "YES". Set a timer and see who is the best!

ME AND MY TRAVEL COLOR SEARCH

Here you see 9 boxes, all with a different color.

The goal is to find an item in these colors.

Look out your window, or inside the car.
